Dear Parents of HTV Students,

We are excited to let you know that Channel 2, CBS News will be here tomorrow, Thursday, December 11, 2014, to do a story about our morning news show. CBS did a story about the then new TV studio at Great Neck South Junior High School in 1976, and they are excited about coming to do another story about our news show.

As a result, your child may be interviewed and the entire news story may be posted on the CBS website.

We need your permission to allow your child to appear online, if the story gets posted.

Please sign and have your child return the portion of this notice below to Mr. Zahn, tomorrow, Dec. 11.
